VT—SBAC Newsletter

Message from the Director

“The Test Information Distribution Engine (TIDE) can now be accessed by District Test Administrators through the [Vermont Smarter Balanced Assessment Portal](#). When you log into TIDE, the first thing you’ll notice is that the student information has not been loaded, yet. We anticipate having the files pre-populated for you by midweek. In the meantime, we recommend that you create user rolls and passwords so that your school coordinators can help you review the student data once the Agency’s download is complete. You’ll find TIDE under “Test Administrators and Teachers” card on the portal. If you have any difficulties with TIDE, please contact our Helpdesk (vthelpdesk@air.org / 844-218-1184).” **Michael Hock, Director of Assessments**

Recommended Training Modules: Located in the VT-SBAC Portal

Anyone administering the Smarter Balanced Assessment: [TA/TE Certification](#)

Teachers

Test Administration Overview (*coming soon*)

Performance Task Test Administration

Embedded Universal Tools

TA Interface & Student Interface

Technology Coordinators

Technology Overview

All District and School Administrators & Coordinators

Test Administration Overview (*coming soon*)

Test Information Distribution Engine (TIDE) Guide available now—module coming soon

Special Educators / ELL Specialists

Accessibility and Accommodations

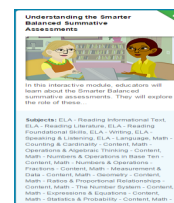

Embedded Universal Tools

Can my students use their personal computers?

Yes. This question came up during the training, and upon further research, it was deemed that students may use their own device. However, it is imperative that you test the device using the Practice Test with the secure browser.
